## Kimtech™ Satin Plus Latex Gloves

**Texture-free smooth finish**, ideal for double donning

**Beaded cuffs** add strength, reducing the risk of tearing

Skin-friendly **powder-free** design

**Kimtech™ Satin Plus Latex Gloves** offers enhanced tactile control in non-sterile applications, and delivers the performance, comfort and safety that your analysts need. With a non-textured finish and powder-free construction, the smooth latex gloves are designed to ensure an easy fit and provide seamless protection when and where it counts. These ambidextrous gloves are manufactured from skin-friendly natural rubber latex and are tested to ensure protection against

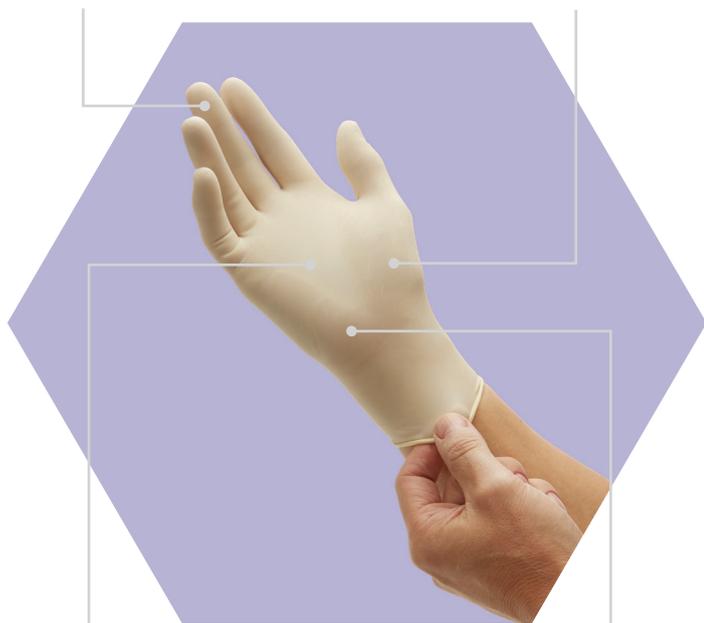

an array of contaminants including viruses and chemical splash, and feature a protein level of <math><50 \mu\text{g/g}</math>.

A high-quality texture-free finish makes the gloves both comfortable and ideal for double donning. The stable, smooth material also provides precision and control. In addition, the powder-free construction minimises contamination and drying effects on the wearer's skin.

### Size Guide

SIZE	CODE	LENGTH	QUANTITY 10x per case
XS	SP2110E	24cm	 100x per box = 1,000
S	SP2220E	24cm	
M	SP2330E	24cm	
L	SP2440E	25cm	
XL	SP2550E	25cm	90x per box = 900

### Product Specifications

CHARACTERISTIC	VALUE	TEST METHODS	
- Freedom from holes	AQL 1.5 <sup>2</sup>	EN 374-2 and ASTM D5151	
<b>TENSILE PROPERTIES</b>	<b>TENSILE STRENGTH</b>	<b>ULTIMATE ELONGATION</b>	
- Before aging	28 MPa, nominal	860% nominal	
- After accelerated aging	27 MPa, nominal	900% nominal	
<b>DIMENSION</b>	<b>NOMINAL THICKNESS/WIDTH</b>		
Thickness (mm)	Middle finger	Palm	Cuff
	0.16	0.15	0.12
Palm width (mm)	X-Small	Small	Medium
	70	80	95
	Large	X-Large	
	111	115	
	ASTM D 3767, ASTM D 6319 and EN 420:2003 +A1:2009		

### Key Features

- The smooth finish provides added comfort, excellent tactile sensitivity for precision applications, and makes the gloves suitable for double donning
- Beaded cuffs add strength to the gloves, reducing the risk of tearing and increasing their durability, while also reducing roll down for easier donning and doffing
- Powder-free to reduce the risks of skin irritation for the wearer
- Gloves are non-sterile, ambidextrous and disposable

### Assured Compliance

- PPE Cat III according to Regulation (EU) 2016/425
- EN ISO 374-1:2016 Type C (K) Chemical Splash protection
- EN 374-4:2014 Resistance to degradation by chemicals
- EN ISO 374-5:2016 Micro Organism and VIRUS Protection

### Quality Standards

- Manufactured in accordance with ISO 9001 and ISO 13485

CE 0598
